AT A GLANCE

Two decades of keeping businesses running

2005
Established in Bengaluru, Karnataka

4
Core divisions plus a cyber security practice

24×7
Multi-tier technical support

36+ MW
Solar capacity installed

35+
Marquee clients across industry and the public sector

4.8 / 5
Google rating from 69 customer reviews

3
Countries served by pick-up & drop: India, Nepal, Bhutan

MSME
Registered Small enterprise (Udyam)

WHO WE ARE

Customer-centric, brand- and OS-independent

Siri TechnoFabs (STF) delivers end-to-end solutions — installation, maintenance, upgrades, AMC and chip-level service — for IT, industrial and medical equipment, with server and workstation support for every major brand and operating system.

> **“Customer-centric, end-to-end solutions with current technology, transparent pricing and dependable round-the-clock support.”**

— Our mission

OUR FIVE PRINCIPLES

01	Projects delivered on schedule
02	Multi-tier 24×7 technical support
03	Services tailored to each client
04	Modern systems and equipment
05	Clear, honest pricing

WHAT WE DO

Four divisions, one accountable partner

Information Technology

- IT sales
- IT solutions & support
- Rentals
- Recycle & refurbish
- Hosting, ISP & ERP

siritech.net/it-division

Energy

- Power backup
- Power generation
- Solar & pumping
- LiFePO4, sodium & LTO batteries

energy.siritech.net

Embedded Systems

- Defence
- Security
- Telecommunication
- IoT
- RF spectrum monitoring

siritech.net/embedded

Mechanical

- IPAF training & PAL cards
- MEWP spare parts
- Used boom & scissor lifts

siritech.net/mechanical

Plus a dedicated Cyber Security practice — endpoint to cloud, 24×7 SOC, VAPT and compliance. See the cyber security section.

INFORMATION TECHNOLOGY · IT SALES

Complete IT infrastructure under one roof

We design, implement and migrate infrastructure around your needs — cutting downtime and lifting productivity.

Servers & workstations

Rack, tower and high-end workstations

Desktops & laptops

Business and Apple Mac fleets

Storage & networking

NAS, SAN, switches, wireless

Components & power

Motherboards, drives, RAM, CPUs, UPS

Authorised distributor & channel partner

Apple · Dell · HP · Microsoft · Intel · Havells · Studer

STF also launched India's first dedicated online store for new and refurbished IT components.

Explore IT Sales →

INFORMATION TECHNOLOGY · IT SOLUTIONS & SUPPORT

Certified engineers for every layer of your IT

Servers & workstations

Dell, HP, Lenovo, Apple and SUN — upgrades, AMC, design and implementation.

Storage & cloud

All brands, models and types of storage and cloud technology.

Desktops & laptops

Installation, upgrades, AMC and chip-level repair.

Networking

Design to handover: voice, data, wired, wireless and optical.

Chip-level lab

Motherboard repair for IT, industrial, medical and telecom equipment.

Data recovery lab

HDD, SSD, RAID, NAS/SAN, tape, pen drives and SD cards — Windows, Linux, SUN, Apple.

Backup & recovery →

INFORMATION TECHNOLOGY · LIFECYCLE SERVICES

Rent it, run it, renew it

Rentals

- Servers and high-end workstations
- Desktops and laptops
- Printers, monitors, projectors
- Dedicated support team

IT rentals →

Managed & on-site support

- L1 / L2 engineers deployed at client sites
- AMC and multi-tier 24×7 support
- Pan-India pick-up & drop — also Nepal and Bhutan

Managed IT services →

Recycle & refurbish

- Repair first, replace last
- Refurbished laptops and components
- Keeping a 1st-gen laptop until gen 3 cuts e-waste by a third

Recycle & refurbish →

DIGITAL SERVICES

Hosting, connectivity and cloud ERP

Web & cloud hosting

End-to-end hosting on fast, secure infrastructure through PValue Cloud.

pvalue.cloud

Internet service (ISP)

Voice and data connectivity with strong SLAs, in partnership with Tata Tele Business Services.

PValue cloud ERP suite

Built by our sister company, PValue Solutions Pvt. Ltd.

- **PValue ERP** — HRMS, CRM, multi-branch, projects, manufacturing, e-commerce, job sheet / repair, AI assistant
- **Chronicles** — HR management
- **Buddy** — school management
- **PharmaSoft** — pharmacies
- **POS** · **PCommerce** · **LMS** · **AOMS** (law offices)

CYBER SECURITY PRACTICE

Cyber security in a nutshell

Layered defence across endpoint, network, cloud, data, email and identity — monitored 24×7 and sized for your organisation.

01	02	03	04	05
Assess	**Protect**	**Detect**	**Respond**	**Comply**

CYBER SECURITY · LAYERS OF DEFENCE

Protection at every layer

Endpoint

Antivirus / EDR, patch management, endpoint encryption, mobile device management (UEM).

Network

NAC, NDR, network DLP, web application firewall, DDoS protection, segmentation.

Cloud

CASB, CNAPP, DevOps security, SASE with zero-trust access, cloud monitoring.

Data

Data classification, DLP on Windows, Mac and Linux, database activity monitoring.

Email

AI-driven phishing and BEC protection, sandboxing, email encryption and archiving.

Identity

IAM with single sign-on and MFA, privileged access management, access governance.

The human layer: security awareness training and cyber knowledge assessments for every employee.

CYBER SECURITY · DETECT & RESPOND

24×7 eyes on your environment

Security Operations Centre & SIEM

- Real-time monitoring and incident response, around the clock
- Log collection, correlation, forensics and retention
- Threat intelligence, intrusion detection and advisories
- SOAR playbooks and machine-learning correlation
- Cloud SOC use cases for AWS: IAM, S3, EC2 and VPC changes

Brand protection & dark web monitoring

Phishing domains, leaked data, social media, mobile marketplaces and e-crime forums — watched continuously.

Secure Access Service Edge (SASE)

SD-WAN with secure web gateway, CASB, firewall and zero-trust access — a complete VPN replacement.

CYBER SECURITY · ASSESS, TEST & COMPLY

Know your risk, prove your compliance

Assess

- Critical infrastructure assessment
- Identify assets, threats and vulnerabilities
- Prioritise risk, then remediate and measure

Test (VAPT)

- Internal and external network
- Websites and web applications
- Wireless and segmentation
- IoT, SCADA and ICS
- Social engineering

Comply

- ISO 27001 readiness
- DPDP Act 2023, GDPR and HIPAA scoping
- OT / ICS controls from field devices to the IT/OT DMZ

Industries we protect: Banking & financial services · Healthcare · IT / ITES · Manufacturing

ENERGY DIVISION

Clean power, kilowatts to megawatts

36+ MW
Solar capacity installed

5
Regions: KA, KL, TN, AP and the North-East

100%
MNRE-approved products · TÜV, IEC, CE

Power backup
UPS and backup systems, power-saving consultation, AMC.

Power backup →

Power generation
Off-grid plants, solar PSUs (3.5 kW / 24 V, 5.5 kW / 48 V), solar pumping, utility-scale design.

Power generation →

Batteries
LiFePO4, sodium-ion and LTO packs, plus MEWP battery upgrades.

Batteries →

Authorised distributor: Havells · Studer (Switzerland) · energy.siritech.net

EMBEDDED SYSTEMS & TELECOM

Electronics expertise for critical environments

Defence

Embedded and communication electronics for defence programmes.

Defence →

Security

Security electronics integration, service and support.

Security →

Telecommunication

RF lab for HF, VHF, UHF and SATCOM radios, plus set-top boxes.

Telecom →

IoT

Connected sensors and devices — design, integration and support.

IoT →

RF spectrum monitoring

Our own live web SDR receiver, open to view online.

rx.siritech.net →

Industrial & medical

Industrial PCs and automation: unit-, card- and chip-level service.

Embedded systems →

MECHANICAL DIVISION

Working at height — safely, without downtime

IPAF training

Globally recognised powered-access training, delivered on-site.

- IPAF MEWPs for Operators
- IPAF MEWPs for Managers
- PAL card on successful completion
- Corporate batches at your premises

Book a slot · Corporate request · Syllabus

MEWP parts & machines

Genuine spare parts with warranty, shipped fast.

- Engine, hydraulic, joysticks, solenoids
- Switches, sensors and safety parts
- Genie, JLG and Deutz compatible
- Used boom lifts, scissor lifts, spider cranes

Shop parts · MEWP battery upgrades

training.siritech.net · mech.siritech.net

PARTNERS

Backed by brands you already trust

Authorised pan-India distributor and channel partner for leading IT, power and connectivity brands.

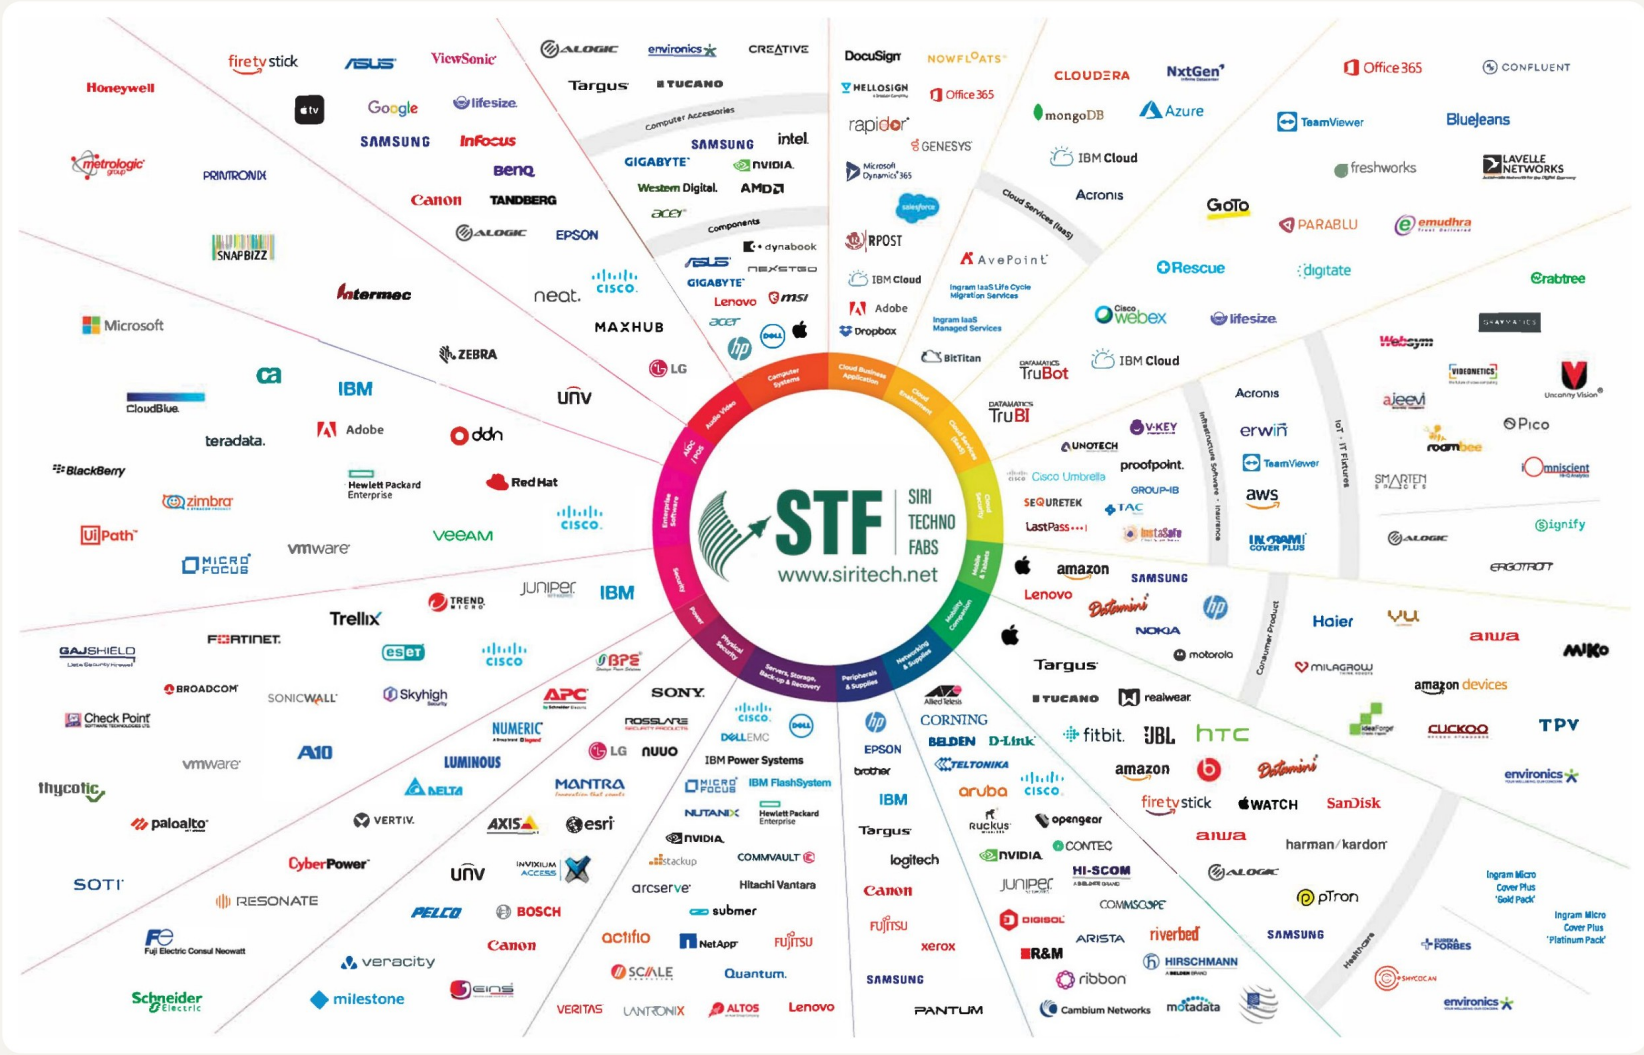
Apple Sales & service	**Dell** Servers, workstations, laptops	**HP** Servers, PCs, printers
Microsoft Software & licensing	**Intel** Processors & platforms	**Tata Tele Business** Voice & data (ISP)
Havells Power & solar	**Studer** Swiss inverters	**Canadian Solar** Solar modules

PARTNER ECOSYSTEM

Every major technology brand, one partner

From computer systems and components to cloud, security, networking, power and consumer devices — STF sources, supplies and supports them all.

IT Sales →



CLIENTS

Trusted by industry leaders and institutions

Engineering & manufacturing

- Quest Global Engineering
- Sansera Engineering
- Larsen & Toubro
- Maini Precision
- MTS Testing Solutions
- IDA Automation
- JK Tyre
- HASETRI
- Reitzel India
- Multiplex Group
- Lavendon PLC

Public sector, defence & banking

- Bharat Electronics (BEL)
- BEML
- HAL
- WESEE, Ministry of Defence
- NTPC
- Bangalore Metro (BMRCL)
- BWSSB
- Canara Bank

Industry, pharma & global

- Tata Steel
- Jindal Steel
- Hindalco
- Aditya Birla Group
- Adani
- GlaxoSmithKline
- Amici di Raoul Follereau

Technology, telecom & media

- Infosys
- Huawei Telecom
- ZTE Telecom
- Amagi Media
- MIQ Digital
- Karvy Data Management
- Fulcrum Global
- Leapfrog
- Webb India

WHY SIRI TECHNOFABS

Local roots, nationwide reach

20+ years
Proven delivery since 2005 for enterprises, PSUs and defence.

Brand-independent
Every major brand and operating system, one point of contact.

In-house labs
Chip-level, data recovery and RF labs — repairs, not just swaps.

24×7 support
Multi-tier support with on-site L1 / L2 engineers.

Transparent pricing
Clear quotes and honest timelines, every time.

Sustainability first
Refurbishment, solar and modern batteries to cut waste and cost.

Reach: Bengaluru HQ · pan-India pick-up & drop · Nepal & Bhutan · partner network in New Zealand, UAE, Sweden and USA

GLOBAL PRESENCE

Rooted in Bengaluru, present worldwide

Our global partner network lets us serve your needs anywhere in the world — from a single site in India to multinational rollouts.

5
Countries with a registered presence

3
Countries with pick-up & drop

Worldwide clients include Quest Global, Lavendon PLC and Amici di Raoul Follereau.
